Re: Pit Exit Closing Details **Time:** 18:59:03

The Race Director has asked for a clarification of the Driver Briefing notes regarding the closing of Pit Exit.

A Pit Lane official, stationed at the end of the Pit Lane speed limit zone, will display a red flag whenever the pit exit is closed.

Pit Exit will be closed when the Safety Car, leading the main pack of the field, is perpendicular to Pit Out timing loop (END PIT SPEED LIMIT).

Pit Lane exit will be opened shortly after the last of the lead pack of cars behind the Safety Car passes the Pit Out Timing Loop (END PIT SPEED LIMIT).
